

TERMS AND CONDITIONS OF PURCHASE

These Terms apply when referenced by Buyer's purchase order or other documentation. ISO9001/TS29001 or similar QMS Standard Requirements shall be applied to each item as listed on any purchase order.

1. Offer; Acceptance: Each purchase order or purchase order revision issued by Buyer ("Order") is an offer to the seller identified in the Order ("Seller") by Buyer for the purchase of goods and/or services (collectively, "Supplies") and includes and is governed by these terms and Conditions of Purchase, as they may be amended from time to time ("Terms"). The Order does not constitute an acceptance of any offer or proposal made by Seller, and the Order, when accepted supersedes all prior agreements, purchase orders, quotations, proposals and other communications regarding the Supplies covered by the Order, except that a prior agreement signed by authorized representatives of both parties (such as an award letter, statement of work or non-disclosure agreement -- but not prior purchase orders for the same parts and vehicle program) will continue to apply to the extent not directly in conflict with the Order including these Terms. Any reference in an Order to any offer or proposal made by Seller is solely to incorporate the description or specifications of Supplies in the prior offer or proposal, but only to the extent that the description or specifications do not conflict with the description and specifications in the Order. Seller's written acceptance of an Order, Seller's commencement of any work under an Order or any other conduct by Seller that recognizes the existence of a contract with respect to the subject matter of the Order constitutes Seller's acceptance of the Order, including the Terms only. **Each Order is limited to and conditional upon Seller's acceptance of the Order including the Terms, exclusively.** Any additional or different terms and conditions proposed by Seller, whether in Seller's quotation/proposal, acknowledgement, invoice or otherwise, are unacceptable to Buyer, are expressly rejected by Buyer, shall not become part of an Order, but shall not operate as a rejection of the Order if Seller accepts Buyer's offer by commencement of work, shipment of the Supplies, or by other means acceptable to Buyer, in which case the Order shall be deemed accepted by Seller without any additional or different terms or variations whatsoever. THE TERMS OF THE AGREEMENT ARE EXCLUSIVE. Any modification of these Terms must be expressly stated in the Order. The Order can be modified only under Section 39. The Buyer is Corrigan Oil Company II, unless a different affiliate, subsidiary or related party is identified as the purchaser in an Order. The Terms are available on Buyer's web site so at www.corriganoil.com. SELLER SPECIFICALLY WAIVES ANY REQUIREMENT FOR SIGNED ACCEPTANCE OF AN ORDER, AND SELLER AND BUYER EACH WAIVE ANY DEFENSE TO THE VALIDITY AND ENFORCEABILITY OF THE ORDER ARISING FROM ELECTRONIC SUBMISSION OF THE ORDER TO SELLER AND SELLER'S ACCEPTANCE OF THE ORDER IN ACCORDANCE WITH THIS CLAUSE 1.

2. Time Period of Order: Subject to Buyer's termination rights, the agreement formed by the Order is binding on the parties for the length of the applicable Original Equipment Manufacturer ("OEM") vehicle program production life (including model refreshes as determined by the applicable OEM customer), and both Buyer and Seller

acknowledge the risk of the vehicle program production life being cancelled or extended by the OEM. If the Supplies are not utilized by Buyer for the production of automotive parts or systems, the agreement formed by the Order will be binding for one year from the date the Order is transmitted to Seller. In such case, subject to Buyer's termination rights, the Order will automatically renew for successive one-year periods after the initial term unless Seller provides written notice at least 180 days prior to the end of the current term of its desire that the Order not be renewed. Notwithstanding the foregoing, if an expiration date is stated in an Order or related agreement signed by Buyer, the term of the Order will continue until that date. Unless specifically waived in writing by an authorized representative of Buyer or unless Buyer removes Tooling from Seller necessary for the production of service and replacement parts, Seller's obligations with respect to service and replacement parts will survive the termination or expiration of the Order for any reason.

3. Invoicing; Pricing; Taxes: (a) The stated price of Supplies set forth in the Order includes storage, handling, packaging, freight, insurance, transportation, and all other expenses, costs and charges of Seller, and no surcharges, premiums or other additional charges of any type shall be added without Buyer's express written consent. Prices are not subject to increase, unless specifically stated in the Order, and Seller assumes the risk of any event or cause affecting prices, including without limitation, foreign exchange rate changes, increases in raw material costs, inflation, increases in labor and other production and supply costs, and any other event which impacts the price or availability of materials or supplies.

(b) All invoices under an Order must reference the purchase order number, amendment or release number, Buyer's part number, Seller's part number where applicable, quantity of pieces in the shipment, number of cartons or containers in the shipment, Seller's name and number, bill of lading number and other information required by Buyer. All correspondence must include the purchase order number. If requested by Buyer, all invoices under the Order must be accompanied by the Seller's sworn statement indicating the status of payments to Seller's subcontractors and suppliers as of the date of invoice, and, if requested by Buyer, all invoices must be accompanied by lien waivers, in form satisfactory to Buyer, executed by Seller and Seller's subcontractors and suppliers. No invoice may reference any term separate from or different than the Order including these Terms. Buyer reserves the right to return incorrect invoices or related documents.

(c) Payment will be made against correct invoices and documentation provided to Buyer in compliance with these Terms, subject to adjustments, set-offs, discrepancies and other unresolved issues.

(d) The stated price set forth in an Order also includes all applicable taxes, excises, duties and other governmental impositions, except for any value added tax (VAT) imposed by a non-USA jurisdiction, which must be shown separately on Seller's invoice for each shipment, and Buyer is not liable for any business activity taxes, payroll taxes or taxes on Seller's income or assets. Seller shall be responsible for all federal,

state, and local taxes levied on or assessed with respect to the manufacture, transportation and sale of the Supplies.

(e) Seller shall indemnify and hold Buyer harmless for Seller's failure to pay any wages, benefits, taxes or other compensation or amounts owed by Seller on account of the Supplies.

(f) Seller represents and warrants that the commercial terms of Supplies are, and will remain, no less favorable to Buyer than the commercial terms which Seller presently, or in the future, offers to any other customer for the same or similar goods and/or services for similar quantities. If Seller offers a lower price (or other commercial terms more favorable to Seller's customer) for the same or substantially similar goods and/or services to any other customer during the term of an Order, then Seller will immediately offer Buyer the same price (and related commercial terms and conditions) as offered to the other customer. Seller also represents and warrants that the Supplies will remain competitive in terms of price and related commercial terms and conditions, as well as in terms of technology, quality and delivery, with substantially similar goods and services available to Buyer from other suppliers.

(g) Seller represents and warrants to Buyer that Seller will fully disclose to Buyer, and give Buyer the full and sole benefit of (unless otherwise expressly agreed by Buyer following disclosure thereof by Seller), any and all discounts, refunds, rebates, credits, allowances or other financial or related incentives or payments of any kind to be provided or agreed to be provided by Seller (or any affiliate thereof) to any direct or indirect customer of Buyer (or any affiliate of such customer) and relating in any way to, and/or based on or determined, in whole or in part, with reference to Buyer's purchases of Supplies from Seller under the Purchase Order.

4. Quantity: (a) Quantities listed in an Order as estimated are Buyer's best estimate of the quantities of Supplies it might purchase from Seller for the contract term specified in the Order. Seller acknowledges that any estimates or forecasts of production quantities or program durations, whether from Buyer or the Customer, are subject to change from time to time, with or without notice to Seller, and shall not be binding upon Buyer. Buyer makes no representation, warranty, guaranty, or commitment of any kind or nature, whether express or implied to Seller in respect of Buyer's quantitative requirements for the Supplies or the term of supply of the Supplies. Buyer reserves the right to return at Seller's cost any bulk product shipment full or partial shipment outside of a 10% variance of the original quantity ordered.

(b) (1) Unless otherwise expressly stated in the Order or other agreement signed by an authorized representative of Buyer, if no other quantity is stated on the face of the Order or if the quantity is blank or specifies the quantity as zero, "blanket", "blanket order", "as released", "as scheduled", "as directed", "subject to Buyer's production releases", or similar terms, then Seller will supply Buyer's requirements for Supplies in such quantities as identified by Buyer as firm orders in material authorization

releases, manifests, broadcasts or similar releases ("Material Authorization Releases") that are transmitted to Seller during the term of the Order, and Seller shall deliver such quantities on such dates and times at the price and on the other terms specified in the Order. All references herein to an "Order" shall include any related Material Authorization Releases, and such material Authorization Releases are not independent contracts. If the Order covers services, Buyer is required to purchase such services to the extent expressly stated in a Statement of Work signed by Buyer. Buyer may require Seller to participate in electronic data interchange or similar inventory management program, at Seller's expense, for notification of Material Authorization Releases, shipping confirmations and other information. (2) Lead times for Supplies, as and to the extent set forth in an Order, should be considered by the Buyer in all of Buyer's requirements. Unless otherwise expressly stated in the Order or other agreement signed by an authorized representative of Buyer, Seller shall organize its production operations and inventory to be able to meet variations of up to +/- 20% with less than the lead time(s) stated in the Order, without any change in price. Variations of more than +/- 20%, made with less than applicable lead times may be addressed under Section 10 below. Seller acknowledges and agrees to accept the risk associated with lead times of various raw materials and/or components and Supplies if they are beyond those provided in the Order and authorized Material Authorization Releases. (3) Seller must have a tooling and production plan in place that will enable Seller to supply Buyer's peak daily, weekly, and annual requirements for the Supplies, including service parts, and Seller capacity as stated in an Order will be based on such tooling and production plan. In the event that Buyer's peak requirements exceed Seller's capacity as stated in the Order, Buyer and Seller will, upon the request of either party, discuss what, if any, additional capital investments, together with expenses directly related to such increased demands, are reasonably required by Seller, and what changes in price or tooling are reasonably required, for Seller to continue to meet such peak requirements. Buyer will have the right to verify all claims regarding additional capital investment and the sole discretion to determine whether to accept applicable changes or to source peak requirements beyond Seller's capacity stated in the Order elsewhere. No changes to the Order or these Terms, other than changes in price or tooling requests directly tied to the need for additional capital investments mutually agreed between Seller and Buyer pursuant to this Section 4(b)(3) are contemplated here.

(c) Delivery of Supplies shall be F.O.B. Seller's designated facility, with risk of loss passing from Seller to Buyer upon delivery to Buyer facility, unless otherwise specified by Buyer in writing in or as part of the Order. Time and quantities are of the essence under an Order. Seller agrees to 100% on-time delivery of the quantities and at the times specified by Buyer, as set forth in an Order and related Material Authorization Releases. Failure to meet agreed delivery and quantities shall be considered a breach of the Order, and Seller shall pay to Buyer any damages or expenses imposed upon or incurred by Buyer. Buyer may change the rate of scheduled shipments or direct temporary suspension of scheduled shipments, neither of which entitles Seller to modify the price for Supplies covered by the Order. Buyer is not obligated to accept early deliveries, late deliveries, partial deliveries or excess deliveries.

(d) In order to assure the timely delivery of Supplies, Seller will, upon written request by Buyer's authorized purchasing representative, manufacture goods in excess of Buyer's current Orders to serve as a reserve for shipment, at an inventory reserve level of at least one-week of Buyer's actual/forecast requirements for the coming month, or such higher inventory level as may be set by Buyer from time to time, to meet Buyer's requirements and to meet any unforeseen delays due to any reason whatsoever. Until such Supplies are purchased by Buyer from Seller, the same shall remain the property of Seller and shall be held by Seller at its sole risk and expense.

(e) Seller must assure overall equipment (shared and specific) and plant capacity are adequate to meet Buyer's needs. Ongoing capacity analysis must account for scrap variation, downtime, maintenance, and other Customer requirements.

5. Premium Freight; Related Costs: (a) Seller pays all premium freight costs over normal freight costs if Seller needs to use an expedited shipping method to meet agreed upon delivery dates due to its own acts or omissions. Seller pays any costs incurred by Buyer, including costs charged by Buyer's Customer(s) to Buyer, as a result of Seller's failure to comply with shipping or delivery requirements. (b) Buyer is not liable for premium freight costs, unless specifically agreed to in advance, in writing, by Buyer.

6. Packaging; Marking; Shipping; Disclosure; Special Warnings or Instructions: (a) Seller agrees to: (i) properly pack, mark and ship Supplies in accordance with the requirements of Buyer, the involved carriers and the country of destination, (ii) route the shipments in accordance with Buyer's instructions, (iii) label or tag each package according to Buyer's instructions, (iv) provide papers with each shipment showing the purchase order number, amendment or release number, Buyer's part number, Seller's part number (where applicable), number of pieces in the shipment, number of containers in the shipment, Seller's name and number, and the bill of lading number, and (v) promptly forward the original bill of lading or other shipment receipt for each shipment in accordance with Buyer's instructions and carrier requirements.

(b) Seller will promptly provide Buyer with the following information in the form requested: (i) a list of all ingredients and materials in Supplies, (ii) the amount of all ingredients, and (iii) information concerning any changes in or additions to the ingredients.

(c) Before and at the time the Supplies are shipped, Seller will give Buyer sufficient warning in writing (including appropriate labels on all Supplies, containers and packing, together with disposal and recycling instructions, material safety data sheets and certificates of analysis) of any hazardous or restricted material that is an ingredient or part of the Supplies, together with any special handling instructions that are needed to advise carriers, Buyer and their employees how to take measures to prevent bodily injury or property damage while handling, transporting, processing, using or disposing of the Supplies, containers and packing. Seller agrees to comply with all federal, state, provincial and local laws and regulations pertaining to product content and warning

labels, including without limitation, the U.S. Toxic Substances Control Act and European Union Directive 2000/53/EC.

(d) Seller will reimburse Buyer for any liabilities, expenses and costs incurred as a result of improper packing, marking, routing, shipping or any other noncompliance with the requirements of this Section 6.

(e) In no event will shipping documents attached to or contained in the shipment display pricing information or any of Buyer's proprietary information.

(f) In the event that no packing requirements are provided by Buyer, Seller will pack the Supplies in accordance with the applicable Automotive Industry Action Group (AIAG) packing requirement.

7. Inspection; Nonconforming Goods/Services; Audit: (a) Buyer may enter Seller's facility to inspect the facility, Supplies, materials, and any of Buyer's property relating to an Order. Buyer's inspection of Supplies, whether during manufacture, prior to delivery or within a reasonable time after delivery, does not constitute acceptance of any work-in-process or finished goods. Buyer's acceptance, inspection or failure to inspect does not relieve Seller of any of its responsibilities or warranties. Nothing in an Order releases Seller from the obligation of testing, inspection and quality control. If nonconforming Supplies are shipped to and rejected by Buyer, the quantities under the Order will be reduced unless Buyer otherwise notifies Seller. Seller will not replace reduced quantities without a new order or Material Authorization Release from Buyer. In addition to other remedies available to Buyer: (i) Seller agrees to authorize return, at Seller's risk and expense at full invoice price, plus transportation charges, and to replace nonconforming Supplies as Buyer deems necessary; (ii) Buyer may have corrected at any time prior to shipment from Buyer's plant Supplies that fail to meet the requirements of an Order; and/or (iii) Seller will reimburse Buyer for all reasonable expenses that result from any rejection or correction of nonconforming Supplies. Seller will develop and document corrective actions within a commercially reasonable period after receipt of a nonconforming sample and will take whatever measures necessary to correct the nonconformance. Without limiting Seller's obligations hereunder, Seller will comply, in regard to situations involving nonconforming Supplies, with applicable processes and requirements of Buyer and (as applicable) Buyer's Customer(s), including Buyer's Quality Control Policy (attached as Schedule 1 to these Terms, and as amended by Buyer from time to time). Payment for nonconforming Supplies is not an acceptance, does not limit or impair Buyer's right to assert any legal or equitable remedy, and does not relieve Seller's responsibility for latent defects. Upon reasonable notice to Seller, either Buyer or Buyer's Customer may conduct a routine audit at Seller's production facility for the purpose of quality, cost, or delivery verification. Seller will ensure that the terms of its contracts with subcontractors provide Buyer and its Customers with all of the rights specified in this Section.

(b) During the term of an Order and for at least three (3) years following the later of: the last delivery of the Supplies; the date of the final payment to Seller under

the Order; or the expiration of any applicable warranty periods for the Supplies or of any applicable governmental or industry required retention periods, Buyer has the right at any reasonable time to send authorized representatives to review/audit all pertinent documents, data, records and other materials in the possession or under the control of Seller relating to the Supplies, Seller's obligations under the Order, any payments requested by Seller under the Order and Seller's overall financial condition. During the foregoing period, Seller will retain all pertinent documents, data, records, and other materials pertaining to the foregoing. If a review/audit shows Seller's noncompliance with the Order, Seller will reimburse Buyer for any price discrepancy or other loss caused by its noncompliance, together with interest at an annual rate of 12% (or, if less, the maximum rate permitted by law) plus the cost of the review/audit.

8. Supplied Materials: (a) Under an Order, Buyer, with Seller's concurrence, may supply Seller, directly or indirectly, with parts, materials or components, including raw material, work in process or component parts for use by Seller in Supplies ("Supplied Materials"). The consideration if any to be furnished by Seller for such Supplied Materials shall be established by agreement of the parties. If the Supplied Materials are not purchased by Seller, they shall be treated as "Consigned Materials" hereunder.

(b) Any Consigned Materials are Buyer Property, as defined in Section 26 and subject, as applicable, to the requirements of Section 26 and Section 42(f) relating to Buyer Property. Consigned Parts will remain Buyer's Property even if they are transferred by Seller to a third party (unless otherwise agreed by an authorized representative of Buyer in writing). Seller shall have sole and complete responsibility for Consigned Materials following delivery by Buyer -- subject to a work loss allowance of 0.5% (or such other amount as designated in an Order) of the total of Consigned Materials processed by Seller each month. Seller will notify Buyer on a monthly basis of Seller's inventory of Consigned Materials. In case the difference reported by Seller and confirmed by the Buyer is higher than the applicable work loss allowance, the Seller shall pay Buyer the total cost of the missing Consigned Material including without limitation freight, packaging, taxes, duties, overhead, replacement cost, and other damages associated with Seller's loss of Consigned Materials.

(c) All Supplied Materials received by Seller from any person, including Buyer, will be inspected and processed in compliance with the Order and these Terms (including without limitation Sections 7 and 12) and Buyer's instructions to Seller and as within the applicable specifications for Supplies. In addition, Seller will give Buyer prompt notice of any nonconformity of the Supplied Materials or the delivery thereof to Seller which has a high rate of recurrence, impairs or may impair Seller's ability to meet its delivery schedules or comply with applicable specifications for Supplies, affects Supplies' safety or is otherwise serious in the opinion of Seller. If the Supplied Materials are furnished by person(s) under agreement with the Buyer, Seller will followup Buyer's instructions concerning the Supplied Materials subsequent to such notice.

(d) Seller will not substitute any other property for Supplied Materials and will not sell, use or permit use of the Supplied Materials for any purpose except the furnishing of Supplies to Buyer.

(e) Seller will store, inspect and process (and keep records thereof) the Supplied Materials in such manner as may be requested by Buyer in order for Buyer to take full advantage of any provisions of any customs or duty laws or regulations under which Buyer may be entitled to drawbacks, refunds or other benefits.

9. Payment: Payment shall be made as set forth in the Order. If not otherwise specified, Buyer's payment will be made on day 45 following of the later of delivery of the Supplies under the Order and receipt by Buyer of a conforming invoice covering such Supplies (Net 45 days). (In the case of services, delivery means the completion of the services.) Buyer may withhold payment pending receipt of evidence, in the form and detail requested by Buyer, of the absence of any liens, encumbrances or claims on Supplies provided under the Order. Payment will be made in the currency expressly stated in the Order; if no such currency is noted, payment will be made in U.S. Dollars. Payment will be made by mailing on or before the due date unless otherwise expressly agreed by Buyer.

10. Changes: (a) Buyer reserves the right at any time by written notice to Seller to direct changes, or to cause Seller to make changes, to drawings, specifications, sub-suppliers, samples, or descriptions of Supplies. Buyer also reserves the right to otherwise change the scope of the work covered by an Order, including work with respect to such matters as inspection, testing, or quality control. Buyer may also direct the supply of raw materials from itself or from third parties. Seller agrees to promptly make any requested changes. In order for Seller to request a reasonable difference in price or time for performance as a result of a change, Seller must notify Buyer of its request in writing within ten (10) days after receiving notice of a change. Buyer can request additional documentation from Seller to the need for a different price or time for performance, and Buyer has the right to verify all claims or requests hereunder by auditing relevant records, facilities, work or materials of Seller. After receiving all requested documentation, Buyer may, at its sole discretion, equitably adjust the price or time for performance. If Seller does not provide timely notice to Buyer that a requested change may result in a difference in price or time for performance, Buyer's requested change will not affect the price or time for performance.

(b) Seller will not make any change in the Supplies, including, without limitation, design, drawings, specifications, materials, processing, packing, marking, shipping, or date or place of delivery except at Buyer's written instruction or with Buyer's written approval. The foregoing restriction applies, among other matters, to any proposed change in the sourcing, or in the nature, type or quality of any services, raw materials or goods used by Seller or its suppliers in connection with the Order, or in the place or manner of manufacture or processing of raw materials or components used in the Supplies, or of any Supplies themselves, or in the fit, form, function, appearance or performance of any Supplies covered by the Order. Any changes by Seller to any

Order or to the Supplies covered by the Order without the prior approval of Buyer's authorized representative shall constitute a breach of the Order.

11. Warranties: (a) Seller expressly warrants and guarantees to Buyer, to Buyer's successors, assigns and Customers, and to users of Buyer's products, that all Supplies delivered or provided to Buyer and any special tools, dies, jigs, fixtures, patterns, machinery and equipment, that are obtained at Buyer's expense for the performance of an Order and/or are or become the property of Buyer (including the Buyer's Property as defined in Section 26) will: (i) be world-class, competitive Supplies in terms of price, quality, delivery and technology, and conform to the specifications, standards, drawings, samples, descriptions and revisions as furnished, specified or approved by Buyer, (ii) conform to all applicable laws, orders, regulations or standards in countries where Supplies or vehicles or other products incorporating Supplies are to be sold, including without limitation the National Traffic and Motor Vehicle Safety Act, the federal motor vehicle safety standards and the European Union Directive 2000/53/EC, (iii) be merchantable and free of defects in design (to the extent the design is furnished by Seller or any of its subcontractors or suppliers, even if the design has been approved by Buyer), materials and workmanship, (iv) be selected, designed (to the extent the design is furnished by Seller or any of its subcontractors or suppliers, even if the design has been approved by Buyer), manufactured or assembled by Seller based upon Buyer's intended use and be fit and sufficient for the purposes intended by Buyer, and (v) be free of all liens, claims and encumbrances whatsoever. Seller further expressly warrants that, unless otherwise expressly stated in the Order, the Supplies are manufactured entirely with new materials and none of the Supplies is, in whole or any part, governmental or commercial surplus or used, remanufactured, reconditioned or of such age or condition so as to impair its fitness, usefulness or safety. The foregoing warranties are in addition to those available to Buyer by law. For all Supplies, Seller further warrants that its work will be performed in a professional and workmanlike manner, consistent with all standards and specifications agreed on with Buyer and otherwise consistent with industry standards, and that the Supplies are free from latent defects or conditions that would give rise to a defect regardless of whether the defect or condition was known or discoverable during the warranty period. Buyer's approval of any design, drawing, material, process or specifications will not relieve Seller of these warranties. These warranties are intended to provide Buyer with protection from any and all warranty claims brought against Buyer by its Customer, including Customer-required warranties relating to the Supplies or any products into which such Supplies are incorporated. All such Customer-required warranties are incorporated herein by reference.

(b) The warranty period provided by applicable law applies, except that if Buyer or Buyer's Customer offers a longer warranty to Customers for Supplies installed on or as part of vehicles, the longer period will apply to Supplies covered by the Order, and provided further that in the event that Buyer or any direct or indirect Customer(s) of Buyer voluntarily or pursuant to a government mandate, makes an offer to owners of vehicles (or other finished products) on which the Supplies, or any parts, components, or systems incorporating the Supplies, are installed to provide remedial action or to

address a defect or condition that relates to motor vehicle safety or the failure of a vehicle to comply with any applicable law, safety standard or guideline, whether in connection with a recall campaign or other customer satisfaction or corrective service action ("Remedial Action"), the warranty shall continue for such period of time as may be dictated by Buyer's direct or indirect Customer or the federal, state, local or foreign government where the Supplies are used or provided, and Seller shall fully comply (among other matters) with the requirements under Section 17(a). The Buyer may change a new vehicle warranty or any warranty offered by it covering the Supplies. If the change is made after a production Order has been issued, the Buyer will promptly notify the Seller of the change.

(c) For all services, Seller further warrants that its work will be performed in a professional and workman-like manner, consistent with all standards and specifications agreed on with Buyer and otherwise consistent with industry standards.

(d) Seller will immediately notify Buyer in writing when it becomes aware of any ingredient, component, design, or defect in Supplies that is or may become harmful to persons or property.

(e) Buyer's approval of any design, drawing, material, process, or specifications will not relieve Seller of these warranties.

(f) The following communications shall each constitute notice of a breach of warranty under the Order: (i) any communication specifying a defect, default, claim of defect or other problem or quality issue of the Supplies provided under the Order; (ii) any communication to Seller claiming that the Supplies are in breach of any warranty or that Seller is in default under the Order; and (iii) a termination notice from Buyer under Section 19. Any such claim by Buyer of breach may only be rescinded in writing by Buyer.

(g) To mitigate its damages, Buyer may fully defend any claim from any Customer that any Supplies supplied by Seller are defective, in breach of warranty, or otherwise did not meet applicable legal or contractual requirements because such Customer may attempt to hold Buyer responsible for problems caused in whole or in part by Seller. Seller and Purchaser agree that this defense is in the interest of both Seller and Buyer. Seller hereby waives the right to argue that the fact that Buyer took any such position in any way limits Buyer's right to assert a claim against Seller by Buyer for breach of warranty, contribution, indemnification or other claim that may arise from or be related to the subject matter of any of the foregoing.

12. Supplier Quality and Development; PPAP; Parts Identification (a) Seller will conform to the quality control and other standards and inspection systems as established by Buyer and Buyer's direct or indirect Customer(s), including without limitation quality control policies (such as ISO 9001:2008 or ISO / TS 16949:2009 quality certification and ISO 14001 environmental certification including registration, as updated from time to time), in relation to quality control, quality certification, health and

safety certifications and environmental certification including registration. (b) Seller will also participate in supplier quality and development programs of Buyer and in any applicable warranty sharing programs / agreements of Buyer. (c) Seller agrees to meet the full requirements of industry Production Part Approval Processes (PPAP) as specified by Buyer and (as applicable) Buyer's Customer(s) and agrees to present this information to Buyer upon request, at the level requested. (d) All Supplies that are a completed part shall permanently bear Buyer's part number and name or code name, Seller's part number and Seller's date of manufacture unless otherwise agreed by Buyer in writing. Unless and to the extent otherwise expressly provided in an Order, Supplier is responsible for all lower-tier providers of goods or services, and Supplier must maintain adequate development, validation, launch and ongoing supervision to assure all Supplies provided to Buyer conform to all applicable warranties and other provisions of the Order.

13. Remedies: The rights and remedies reserved to Buyer in an Order shall be cumulative with and additional to all other or legal or equitable remedies. Seller will reimburse Buyer for any incidental or consequential or other damages (including lost profits) caused or required in the reasonable judgment of Buyer or Buyer's Customer(s) by Seller's breach or by nonconforming Supplies, including but not limited to costs, expenses and losses incurred or suffered directly or indirectly by Buyer or its Customer(s): (a) in inspecting, sorting, handling, reworking, repairing or replacing the nonconforming Supplies, (b) resulting from production interruptions, (c) conducting recall campaigns, customer field service actions or other corrective service actions, or (d) resulting from personal injury (including death) and/or property damage caused by the nonconforming Supplies. Buyer's damages include attorneys' fees and other professional fees, settlements and judgments incurred by Buyer and other costs associated with Buyer's administrative time, labor, and materials. If requested by Buyer, Seller will enter into a separate agreement for the administration or processing of warranty charge-backs for nonconforming Supplies, and will participate in and comply with any warranty reduction or related programs of Buyer or (to the extent directed by Buyer) Buyer's Customer(s) that relate to the Supplies. In any action brought by Buyer to enforce Seller's obligations in connection with the production and delivery of Supplies or transition support, or for possession of property, the parties agree that Buyer does not have an adequate remedy at law and Buyer is entitled to specific performance of Seller's obligations, plus Buyer's reasonable attorneys' fees. Notwithstanding anything to the contrary contained in any Order, Buyer does not release any claim against Seller that is based in whole or in part on any fraud or duress in connection with the Order or any breach or anticipatory breach of the Order or any other Order between Buyer and Seller (even if that Order relates to other Supplies).

14. Indemnification: (a) To the fullest extent permitted by law, (i) Seller hereby assumes the entire, sole responsibility for any injury to person, including death, or damage to property of any kind or nature caused by, resulting from or in connection with the furnishing of Supplies by Seller, its subcontractors, officers, agents, or employees; (ii) Buyer shall not be responsible for any injury to person or damage to property resulting from use, misuse or failure of any apparatus furnished to Seller by Buyer, and

the use of any such apparatus by Seller shall constitute acceptance by Seller of all responsibility for any claims for such injury or damage; and (iii) Seller will defend, indemnify and hold harmless Buyer, Buyer's Customers (both direct and indirect, including manufacturers of vehicles in which Supplies are incorporated), and dealers and users of the products sold by Buyer (or the vehicles in which they are incorporated), including their respective agents, customers, invitees, subsidiaries, affiliates, successors and assigns, against any and all claims, damages, losses, liabilities, and expenses (including actual attorneys' fees and other professional fees, settlements and judgments) arising out of or resulting in any way from any defective Supplies, or from any negligent or wrongful act or omission of Seller, or Seller's agents, employees or subcontractors, or any breach or failure by Seller to comply with any of Seller's representations or other terms and conditions of an Order (including any part of these Terms) -- including without limitation the cost of recall campaigns, customer field service actions or other corrective service actions that, in Buyer's reasonable judgment, are required because of nonconformities in some or all of the Supplies provided by Seller hereunder. Seller's obligation to defend and indemnify under this Section will apply regardless of whether the claim arises in tort, negligence, contract, warranty, strict liability or otherwise except for claims that arise as a result of the sole negligence of Buyer. Buyer has the right to be represented by and actively participate through its own counsel in the defense and resolution of any indemnification matters, at Seller's expense. The indemnification obligations of Seller set forth in this Agreement, including this Section, are independent of and in addition to any insurance and warranty obligations of Seller.

(b) If Seller performs any work on Buyer's or Buyer's Customer's premises or utilizes the property of Buyer or Buyer's Customer, whether on or off Buyer's or Buyer's Customer's premises: (i) Seller will examine the premises to determine whether they are safe for the requested services and will advise Buyer promptly of any situation it deems to be unsafe; (ii) Seller's employees, contractors and agents will comply with all regulations that apply to the premises and may be removed from Buyer's premises at Buyer's discretion; (iii) Seller's employees, contractors and agents will not possess, use, sell, transfer or be under the influence of alcohol or unauthorized, illegal or controlled drugs or substances on the premises; and (iv) to the fullest extent permitted by law, Seller will indemnify and hold Buyer and Buyer's Customer (and their respective officers, directors, employees, agents, successors and assigns) harmless from and against any and all liability claims, demands or expenses (including actual attorney's fees and other professional fees, settlements and judgments) for damages to the property of or personal injuries to Buyer, its Customer, their respective employees or agents or any other person or entity if the claims arise from or in connection with Seller's work on the premises or Seller's use of Buyer's or Buyer's Customer's property, except for any liability, claim or demand arising out of the sole negligence of Buyer.

15. Insurance: Seller shall obtain and maintain, at Seller's expense, the insurance coverage listed below, or in additional amounts and coverages as may be reasonably requested by Buyer or (to the extent directed by Buyer) Buyer's Customer(s), in each case naming Buyer and its affiliates and Customer(s) (as applicable) as loss payees

and as "additional insureds". Such insurance shall be obtained and maintained from companies listed in the then-current "Best's Insurance Guide" as possessing a minimum policy holders rating of "A-" (excellent) and a financial category no lower than "IX". Seller will furnish to Buyer a certificate showing compliance with this requirement or certified copies of all insurance policies within ten (10) days of Buyer's written request. The certificate will provide that Buyer (and, if applicable, Buyer's Customers) will receive thirty (30) days prior written notice from the insurer of any termination or reduction in the amount or scope of coverage. The existence of insurance does not release Seller of its obligations or liabilities under an Order. Minimum coverage is as follows:

<u>Coverage</u>	<u>Limits of Liability</u>
Workers compensation	Statutory
Employer's liability	US\$100,000 / each accident, disease policy limit, disease each employee
Comprehensive general liability insurance, including contractual liability coverage general aggregate, products & completed operations aggregate	US\$5,000,000 / each occurrence
Comprehensive automobile liability insurance	US\$1,000,000 / each occurrence combined single limit
Business interruption insurance	As specified by Buyer

16. Compliance with Laws: Seller, and any Supplies supplied by Seller, shall comply with all applicable laws, including rules, regulations, orders, conventions, ordinances and standards, that relate to the manufacture, labeling, transportation, importation, exportation, licensing, approval or certification of the Supplies, including laws relating to environmental matters, hiring, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health or safety, and motor vehicle safety. Each Order incorporates by reference all clauses required by these laws. All materials used by Seller in the Supplies or in their manufacture shall satisfy current governmental and safety constraints on restricted, toxic and hazardous materials as well as environmental, electrical and electromagnetic considerations that apply to the country of manufacture, sale or destination. Seller will indemnify Buyer against and hold Buyer harmless from any liability claims, demands or expenses (including attorney's fees and other professional fees, settlements and judgments) relating to Seller's noncompliance. Seller and its employees will abide by applicable ethics policies of Buyer and its Customers, or Seller's own equivalent ethics policy.

17. Customer Requirements: (a) Seller agrees to comply with the applicable terms and conditions of any agreements ("Customer Purchase Orders") received by Buyer from a third party (Customer"), or directly or indirectly applicable to Buyer, pursuant to

which or in respect to which Buyer agrees to supply to Customer, or incorporate into goods supplied to Customer, Supplies purchased by Buyer from Seller. The terms "Customer" and "Customer Purchase Orders" shall also include the final equipment manufacturer of goods or services into which the Supplies are or will be incorporated, as well as any intermediate entities in the supply chain between Buyer's direct Customer and such final equipment manufacturer, and related terms and conditions of such Customers. Buyer may in its discretion supply Seller with information regarding the Customer Purchase Orders, but Seller shall be responsible for ascertaining any terms and conditions contained in Customer Purchase Orders that may affect Seller's obligations under an Order. Buyer will determine, in its sole and absolute discretion, which terms will supersede and apply to Seller, including without limitation, cost and productivity terms and price reductions. Seller will do everything within its control to meet, and to enable Buyer to meet, the terms and conditions of the Customer Purchase Orders. If this Section conflicts with any other paragraph or Section in an Order, Buyer by written notice to Seller has the right to have the provisions of this Section prevail over any conflicting term between Buyer and Seller.

(b) In the event that a Customer files or has filed against it a petition in bankruptcy or insolvency and, in the course of such proceeding and in connection with actual or threatened termination (by rejection or otherwise) by the Customer of its contract(s) with Buyer or contracts relating to Supplies purchased by Buyer from Seller, Buyer permits a reduction in the price(s) paid to Buyer for products incorporating the Supplies, the price paid to Seller for the Supplies from and after the date of such reduction will be automatically adjusted proportionally by the same percentage as the price paid to Buyer by its direct Customer and the Order will otherwise remain in effect without modification.

(c) If Buyer's direct or indirect Customer directed, recommended, requested, suggested or otherwise identified Seller as the source from which Buyer is to obtain the Supplies ("Directed Supply Relationship"), then notwithstanding the particular payment terms otherwise applicable to the Order or anything to the contrary in the Order: (i) in no event will Seller have a right to receive payment from Buyer for the Supplies except following, and in proportion to, Buyer's actual receipt of payment from its Customer for the Supplies or, as applicable, the goods in which the Supplies are incorporated, (ii) any lengthening of Customer's payment terms to Buyer will automatically lengthen the payment terms as between Buyer and Seller by the same amount of time, and Buyer may, at its option and on notice to Seller, otherwise revise its payment terms for Supplies to take into account any other change in the payment terms of Buyer's Customer for the Supplies under the Order; (iii) within three (3) business days of any change in price, specifications or other terms negotiated or proposed between Seller and Buyer's direct or indirect Customer, Seller shall notify Buyer in writing and immediately adjust its invoices to reflect any price reduction, provided that no change will be binding on Buyer without Buyer's specific written consent, and (iv) (without limiting any other rights and remedies of Buyer) Seller will indemnify and hold harmless Buyer from any liabilities, claims, demands, losses, damages, costs and expenses (including without limitation attorneys' fees and other professional fees) incurred by

Buyer arising from or relating to the Supplies supplied by Seller and/or the Directed Supply Relationship, and including without limitation any charges or set-offs (including without limitation interim field service action cost recovery debits) taken by Customer against Buyer by reason of alleged defects in Supplies, even if such set-offs by Customer are before final determination of (and subject to adjustment based upon) whether and to what extent defects in Supplies were a cause of the related remedial action undertaken and related costs/damages incurred by Customer. In the event that any requirement imposed by any Order on Seller is found to be unenforceable or a gap otherwise exists or is created in the terms applicable to any Order through operation of law, conflict in terms or otherwise, the parties agree that the corresponding requirement of Customer(s) shall be applicable to and binding on Seller for the benefit of Buyer. Seller acknowledges that it is familiar with the automotive industry and the applicable terms of Customer(s) that would apply in such event.

18. Insolvency; Review of Financial Condition; Related Matters: (a) Buyer, or a third party designated by and acting on behalf of Buyer, may at any time review the overall financial condition of Seller and its affiliates, and Seller shall fully cooperate in such review and shall make its financial managers available for discussions during reasonable business hours. Buyer and any such third party shall keep confidential any non-public information about Seller obtained in such financial review.

(b) An Order may be terminated immediately by Buyer without liability to Seller for any of the following events, or any other comparable events, and Seller shall reimburse Buyer for all costs incurred by Buyer in connection with any of the following, including but not limited to all attorney's and other professional fees: (1) Seller becomes insolvent (including if Seller is unable to pay its debts as they come due in the ordinary course of business, or if Seller's liabilities exceed its assets as fairly valued), (2) Seller files a voluntary petition in bankruptcy, (3) an involuntary petition in bankruptcy is filed against Seller, (4) a receiver or trustee is appointed for Seller, (5) Seller needs accommodations from Buyer, financial or otherwise, in order to meet its obligations under the Order, (6) Seller executes an assignment for the benefit of creditors or (7) Seller is unable promptly to provide Buyer with adequate assurance of Seller's financial capability to perform any of Seller's obligations under the Order on a timely basis. In the event that the Order is not terminated in accordance with the immediately preceding sentence, upon the occurrence of an event described in the immediately preceding sentence, Buyer may make equitable adjustments in the price and/or delivery requirements under the Order as Buyer deems appropriate to address the change in Seller's circumstances, including Seller's continuing ability to perform its obligations regarding warranty, nonconforming Supplies or other requirements under the Order.

(c) Seller agrees that if Seller experiences any delivery or operational problems, Buyer may, but is not required to, designate a representative to be present in Seller's applicable facility to observe Seller's operations. Seller agrees that if Buyer provides to Seller any accommodations (financial or other) that are necessary for Seller to fulfill its obligations under an Order, Seller will reimburse Buyer for all costs, including attorneys' and other professionals' fees, incurred by Buyer in connection with such

accommodation and will grant access to Buyer to use Seller's premises and machinery, equipment, and other property necessary for the production of the Supplies covered by the Order. Notwithstanding anything contained in this Section 18 to the contrary, financial information provided by Seller to Buyer hereunder pursuant to a Directed Supply Relationship may be provided to the Customer if Seller fails to provide Buyer with adequate reasonable assurance of Seller's financial capability to perform any of Seller's obligations under the Order on a timely basis.

19. Termination for Breach or Nonperformance: (a) Buyer reserves the right to terminate all or any part of an Order, or any other Order or agreement between Buyer or Buyer's affiliate(s) and Seller or Seller's affiliate(s), without liability to Seller and Seller's affiliate(s), (1) if Seller: (a) repudiates, breaches or threatens to breach any of the terms of the Order, including without limitation Seller's warranties, (b) fails to perform or threatens not to perform services or deliver Supplies as specified by Buyer, (c) fails to make progress or to meet reasonable quality requirements so as to endanger timely and proper completion or delivery of Supplies and does not correct the failure or breach within ten (10) days (or such shorter period of time if commercially reasonable under the circumstances) after receipt of written notice from Buyer specifying the failure or breach, (d) sells or offers to sell a substantial portion of its assets used for the production of Supplies for Buyer, or sells or exchanges or offers to sell or exchange an amount of its stock or other equity interests that would result in a change in control of Seller, or (e) fails to remain competitive with respect to quality, technology, delivery and pricing of the Supplies, or (2) if Seller or Seller's affiliate repudiates, breaches or threatens to breach any of the terms of any other Order or agreement between Buyer or Buyer's affiliate(s) and Seller or Seller's affiliate(s). Seller shall notify Buyer within ten (10) days after entering into any negotiations that could lead to the situation specified in subsection (d) above; upon Seller's request, Buyer will enter into an appropriate nondisclosure agreement related to information disclosed to Buyer in relation to such transaction.

(b) Seller may terminate the Order only for non-payment of the purchase price for Supplies which are thirty (30) or more days past due and material in amount, and then only if: (1) Seller first provides Buyer written notice specifying the amounts past due (including the relevant Order and invoice numbers and date) and Seller's intent to terminate the Order if the past due amount is not paid; and (2) Buyer, within sixty (60) days of such notice, does not either: (A) pay the past due amounts, or (B) notify Seller that the amounts claimed to be unpaid are disputed by Buyer. Seller may not terminate or cancel the Order for any reason except as permitted under this Section. Seller may not suspend performance of the Order for any reason.

20. Termination: (a) In addition to any other rights of Buyer to cancel or terminate an Order, Buyer may, at its option, upon at least thirty (30) days' written notice, or, if applicable, such shorter period as may be required by Buyer's Customer, and in its sole discretion, terminate all or any part of an Order at any time and for any reason, and notwithstanding the existence of any event of force majeure under Section 22 below.

(b) Upon receipt of and consistent with such notice of such termination, and unless otherwise directed by Buyer, Seller will: (i) terminate promptly all work under the Order on the effective date of termination, (ii) transfer title and deliver to Buyer the finished Supplies, the work in process, and the parts and materials which Seller reasonably produced or acquired according to the quantities ordered by Buyer and in accordance with the terms and conditions of the Order and which Seller cannot use in producing goods for itself or for others, (iii) verify and settle any claims by subcontractors for actual costs incurred directly and made unrecoverable by the termination and ensure the recovery of materials in subcontractor's possession, (iv) take actions reasonably necessary to protect property in Seller's possession in which Buyer has an interest until disposal instruction from Buyer has been received, and (v) upon Buyer's reasonable request, cooperate with Buyer in transferring the production of Supplies to a different supplier, including as described in Section 21.

(c) Upon termination by Buyer under this Section 20, Buyer will be obligated to pay Seller only the following: (i) the Order price for all finished Supplies in the quantities ordered by Buyer that conform to the requirements of the Order and for which Seller has not been paid, (ii) Seller's reasonable actual cost of work-in-process and the parts and materials transferred to Buyer in accordance with subsection (b)(ii) above, (iii) Seller's reasonable actual costs of settling regarding its obligations to subcontractors required under the Order, to the extent directly caused by termination, but limited to the amount of any firm quantities of Supplies and raw materials / components specified in related Material Releases issued by Buyer and then outstanding; (iv) Seller's reasonable actual cost of carrying out its obligation under subsection (b)(iv), and (v), if applicable, amounts due in connection with Transition Support under Section 21. Notwithstanding any provision to the contrary, Buyer shall have no obligation for and shall not be required to make payments to Seller, directly or on account of claims by Seller's subcontractors, for loss of anticipated profit, unabsorbed overhead, interest on claims, product development and engineering costs, tooling, facilities and equipment rearrangement costs or rental, unamortized capital or depreciation costs, finished goods, work-in-process or raw materials that Seller fabricates or procures in amounts that exceed those authorized in the Material Authorization Releases, or general administrative burden charges from termination of the Order, unless otherwise expressly agreed to in writing by Buyer in a separate Order issued by Buyer.

(d) Buyer's obligation upon termination under this Section 20 shall not exceed the obligation Buyer would have had to Seller in the absence of termination.

(e) Seller will furnish to Buyer, within one (1) month after the date of termination under this Section 20 (or such shorter period as may be required by Buyer's Customer), its termination claim, which shall consist exclusively of the items of Buyer's obligation to Seller that are listed in subsection 20(c) above. Buyer may audit Seller's records before or after payment to verify amounts requested in Seller's termination claim.

(f) Buyer will not have any obligation under subsections 20(a), (c), (d) or (e) above if Buyer terminates Buyer's obligations under the Order because of a default or breach by Seller, and any termination shall be without prejudice to any claims which Buyer may have against Seller.

21. Transition of Supply: (a) In connection with expiration of an Order, or the termination of an Order by either party, in whole or in part, or Buyer's other decision to change to an alternate source of Supplies (including but not limited to a Buyer-owned or -operated facility)("alternative supplier"), Seller will cooperate in the transition of supply, including the following (collectively, "Transition Support"): (i) Seller will continue production and delivery of all Supplies as ordered by Buyer, at the prices and other terms stated in the Order, without premium or other condition, during the entire period reasonably needed by Buyer to complete the transition to the alternative supplier(s), such that Seller's action or inaction causes no interruption in Buyer's ability to obtain Supplies as needed; (ii) at no cost to Buyer, Seller will (A) promptly provide all requested information and documentation regarding and access to Seller's manufacturing process, including on-site inspections, bill-of-material data, tooling and process detail and samples of Supplies and components; (B) will provide all notices necessary or desirable for Buyer to resource the Order to an alternative supplier; (C) when requested by Buyer, will return to Buyer all Buyer's Property in as good conditions as when received by Seller (reasonable wear and tear excepted; and (D) will comply, and cause Seller's subcontractors to comply, with Seller's obligations relating to Seller's Proprietary Rights and Seller's Property under the Order including these Terms (see, e.g., Sections 24 and Section 27) and with comparable subcontractor obligations (see Section 43 below), as applicable, and (iii) subject to Seller's reasonable capacity constraints, Seller will provide special overtime production, storage and/or management of extra inventory of Supplies, extraordinary packaging and transportation and other special services (collectively, "Transition Support") as expressly requested by Buyer in writing.

(b) If the transition occurs for reasons other than Seller's termination or breach, Buyer will, at the end of the transition period, pay the reasonable, actual cost of Transition Support as requested and incurred, provided that Seller has advised Buyer prior to incurring such amounts of its estimate of such costs. If the parties disagree on the cost of Transition Support, Buyer will pay the agreed portion to Seller and pay the disputed portion into third-party escrow for disbursement by arbitration in accordance with the provisions of Section 35.

22. Force Majeure: Any delay or failure of either party to perform its obligations shall be excused if, and to the extent, that it is caused by an event or occurrence beyond the reasonable control of the party and without its fault or negligence. By way of example, this includes acts of God, restrictions, prohibitions, priorities or allocations imposed by or actions taken by any governmental authority (whether valid or invalid), embargoes, fires, floods, windstorms, earthquakes, severe weather, explosions, riots, natural disasters, wars, sabotage, inability to obtain power, or court injunction or order. Seller's inability to perform as a result of, or delays caused by, Seller's insolvency or

lack of financial resources is deemed to be within Seller's control. Notwithstanding anything to the contrary herein, the change in cost or inability to obtain power, materials, components, labor, equipment or transportation based on market conditions, supplier actions, contract disputes or any labor strike or other labor disruption applicable to Seller or any of its subcontractors or suppliers, will not excuse Seller's performance (under theories of force majeure, commercial impracticability or otherwise), and Seller assumes these risks. Written notice of such delay (including the anticipated duration of the delay) must be given to the other party as soon as possible after the occurrence (but no more than ten (10) days after). During the delay or failure to perform by Seller, Buyer may, at its option (i) purchase Supplies from other sources and reduce its schedules to Seller by such quantities, without liability to Seller, (ii) ask Seller to deliver to Buyer at Buyer's expense all finished goods, work in process and parts and materials produced or acquired for work under this Order, or (iii) have Seller provide Supplies from other sources in quantities and at a time requested by Buyer and at the price set forth in this Order. In addition, Seller at its expense shall take all necessary actions to ensure the supply of Supplies to Buyer for a period of at least forty (40) days, or such longer period as Buyer's Customer shall require, during any anticipated force majeure event or anticipated labor disruption or resulting from the expiration of Seller's labor contracts, and if Buyer requests, Seller shall, within ten (10) days of Buyer's request, provide adequate assurance that the delay will cease within such period. If the delay lasts more than 30 days or Seller does not provide adequate assurances that the delay will cease within 30 days, Buyer may immediately terminate the Order and any funds previously paid by or on behalf of Buyer shall be promptly returned to Buyer, without prejudice to Buyer's other remedies under this Order or applicable law.

23. Technical Information Disclosed to Buyer: (a) Unless otherwise agreed to in writing by the Buyer: (a) no information disclosed in any manner at any time by Seller, or Seller's contractors, to Buyer, or Buyer's Customers, will be treated as confidential, and (b) Seller agrees not to assert any claim (other than a claim for patent infringement) against Buyer, Buyer's Customers or their respective suppliers, with respect to any information that Seller, or Seller's contractors, have disclosed or may disclose to Buyer, or Buyer's Customers, in connection with the Supplies. (b) Seller may not release or disclose Buyer's Property to any third party without the express written permission of Buyer.

24. Technology (a) All information, materials, inventions, and intellectual property (including without limitation Tooling) created, developed or acquired by or on behalf of Seller, along with all intellectual property rights relating thereto, paid for or to be paid for by Buyer, are the sole and exclusive property of Buyer. Seller will promptly disclose in an acceptable form and assign to Buyer all such information, materials, inventions, and intellectual property. Seller will cause its employees to perform any act, including without limitation, executing and delivering any papers necessary to enable Buyer to confirm Buyer's title to the foregoing and to seek intellectual property protection throughout the world. To the extent that any works of authorship (including, without limitation, software) are created by or on behalf of Seller and are paid for or to be paid for by Buyer under the Order, such works shall be considered "work made for hire". To

the extent that such works do not qualify as "work made for hire," Seller hereby assigns to Buyer all right, title, and interest in all copyrights and moral rights therein.

(b) Seller acknowledges and agrees that Buyer, or Buyer's designee(s) (including their affiliates and subcontractors) have the worldwide, irrevocable right to repair, reconstruct, rebuild and relocate, and to have repaired, reconstructed, rebuilt or relocated, Supplies delivered under an Order without payment of any royalty or other compensation to Seller.

(c) Seller hereby grants Buyer, and Buyer's present and future affiliates, an irrevocable, non-exclusive, worldwide, royalty-free, paid-up, license, including the right to sublicense, under any and all proprietary rights controlled by Seller or its affiliates, including, without limitation, any patent, copyright, moral, industrial design right, trademark, technical information, know-how or other proprietary right) ("Seller Proprietary Rights"): (i) in the event that this Agreement is terminated by Buyer under Sections 18, 19 or 22, and/or (ii) in the event that Seller for any reason (including without limitation requirements imposed on Buyer by Buyer's Customer) is unable to satisfy the quality, quantity, delivery or related requirements of Buyer for Supplies under the Order and/or additional orders (including, for example and without limitation, in the event of force majeure, or increased demand due to volume requirements for a corrective field service action/recall, or by reason of Seller's insolvency, or in the event of a required change or expansion in relation to the country(ies) of manufacture or delivery): (A) to make, have made, use, sell, offer to sell, and import the Supplies, and (B) to do all other things and exercise all other rights in the Seller Proprietary Rights necessary or useful to avoid, remedy and mitigate, as Buyer reasonably determines to be appropriate, all or any portion of any consequences to Buyer, and to any direct and indirect customers of Buyer, arising from any situation under subparagraphs (i) or (ii) above. Seller shall also cooperate with Buyer in the exercise of such license including providing, without restriction on use, reproduction or disclosure, all information and data deemed necessary by Buyer. At no additional cost, Seller hereby grants Buyer an irrevocable, nonexclusive, worldwide license under Seller Proprietary Rights that is necessary or incident to the reasonably intended use or application of the Supplies. Rights under this Section 24(c) are intended to be subject to 11 USC Section 365(n), and are supplementary to any other rights of Buyer under existing Orders and other agreements with Seller.

(d) All Supplies or other deliverables provided under an Order (including, for example, computer programs, technical specifications, documentation and manuals), shall be original to Seller and shall not incorporate, or infringe upon, any intellectual property rights (including, without limitation, copyright, patent, trade secret, mask work or trademark rights) of any third party, unless otherwise expressly agreed to in writing by Buyer. Seller agrees: (i) to defend, hold harmless and indemnify Buyer, its successors and Customers against any suit, claim or action for actual or alleged infringement of any proprietary right (including any patent, trademark, copyright, moral, industrial design right or other proprietary right or misuse or misappropriation of trade secret) and against any resulting damages or expenses (including attorney's and other

professional fees, royalties, settlements and judgments) arising in any way in relation to sale or use of Supplies covered by the Order (including without limitation their manufacture, purchase, use and/or sale), including such claims where Seller has provided only part of Supplies (and Seller expressly waives any claim against Buyer that such infringement arose out of compliance with Buyer's specifications), (ii) to waive any claim against Buyer or Buyer's Customer(s), including any hold harmless or similar claim, in any way related to a third-party claim asserted against Seller or Buyer or Buyer's Customer(s) for infringement of any proprietary right (including any patent, trademark, copyright, moral, industrial design right or other proprietary right or misuse or misappropriation of trade secret), including claims arising out of specifications furnished by Buyer, and (iii) that if the sale or use of the Supplies is enjoined or, in Buyer's sole judgment, is likely to be enjoined, Seller will, at Buyer's election and Seller's sole expense, procure for Buyer the right to continue using the Supplies, replace the same with equivalent non-infringing goods or modify such Supplies so they become non-infringing.

25. Service and Replacement Parts: So that Buyer can satisfy the current model service and replacement parts requirements of itself or its Customers, Seller agrees to supply Buyer with Supplies, component parts and materials that are the same as the Supplies, component parts and materials that Buyer purchases under this Order at the price(s) set forth in this Order plus any actual cost differential for packaging. If the Supplies are systems or modules, Seller agrees to sell each component or part at a price that does not, in the aggregate, exceed the system or module price specified in this Order, less assembly costs, plus any actual cost differential for packaging. After Buyer completes its purchases for its Customers' current model requirements, Seller will sell such Supplies, component parts and materials to Buyer or Buyer's designee in order to fulfill Buyer's past model service and replacement parts requirements for the longer of (i) a period of fifteen (15) years after Buyer terminates volume production of the Supplies, or (ii) the relevant Customer's requirements with respect to such service parts, at the following prices: (a) for the first five years after the end of volume production, at the stated price of Supplies set forth in the Order, plus any actual cost differential for packaging; and (b) beginning five (5) years after the end of volume production, at the stated price of Supplies set forth in the Order, plus any actual cost differentials for packaging and to take account of appropriately documented cost changes due to raw materials and set up. At Buyer's request, Seller will make service literature and other materials available at no additional charge to support Buyer's service part sales activities.

26. Buyer's Property; Warranty Disclaimer; Confidentiality: (a) All information and materials (including, for example, Tooling, packaging, documents, standards, specifications, jigs, dies, returnable containers, and samples, and including whether or not such materials are in any way modified, altered or processed) furnished by Buyer, either directly or indirectly, to Seller to perform an Order, along with any and all Supplies, Tooling, deliverables, data, inventions and intellectual property rights under Section 24(a), shall be and remain the sole and exclusive property of Buyer (or, as applicable in the case of certain Tooling, Buyer's Customer) (collectively "Buyer's

Property"). Any and all goods manufactured by Seller with the use of Buyer's Property may not be used for Seller's own use or manufactured or provided (or offered to be manufactured or provided) to third parties without Buyer's express written authorization. Seller acknowledges and agrees that Buyer's Property may be covered by one or more patents, patent applications or copyrights owned by Buyer.

(b) Buyer does not guarantee the accuracy of, or the availability or suitability of, Buyer's Property. Seller agrees carefully to check and approve, for example, all tooling, dies, or materials supplied by Buyer prior to using it. Seller shall assume all risk of death or injury to persons or damage to property arising from the use of Buyer's Property. BUYER SHALL HAVE NO LIABILITY TO SELLER OR TO ANYONE CLAIMING BY OR THROUGH SELLER FOR ANY INCIDENTAL OR CONSEQUENTIAL OR OTHER DAMAGES OF ANY KIND WHATSOEVER RELATING TO BUYER'S PROPERTY. BUYER DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE BUYER'S PROPERTY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND SELLER WAIVES, FOR ITSELF AND ITS SUCCESSORS AND ASSIGNS, ALL CLAIMS OF NEGLIGENCE AND STRICT LIABILITY.

(c) The provisions of Section 42(f) below, relating to Tooling, also apply to Buyer's Property which is not Tooling and are incorporated here by reference.

(d) Seller acknowledges that Buyer's Property includes proprietary information, regardless of whether such information is marked or identified as confidential, and is delivered to Seller on a confidential basis for the purpose of performing the Order only. All terms of the Order are deemed proprietary information of Buyer. Seller shall disclose Buyer's Property within Seller's organization only to those employees who have a need to know in order to fulfill Seller's obligations hereunder and who have agreed to keep the Buyer's Property confidential, and shall prevent any such Buyer's Property from being divulged to third persons not employed by Seller without the prior written consent of Buyer, including having recipients acknowledge the proprietary status of such Buyer's Property and agree to similar restrictions. These obligations shall survive termination of the Order and will continue for a period of three (3) years thereafter, or for as long as the Buyer's Property remains a trade secret, whichever is longer. Notwithstanding anything to the contrary in an Order, any confidentiality or non-disclosure agreement between the parties that predates the Order will remain in effect except as expressly modified by the Order, and to the extent of a conflict between the express terms of such an agreement relating to Buyer's proprietary information and this Section 26(d), the terms of that agreement will control with respect to Buyer's proprietary information.

27. Seller's Property: Seller, at its expense, shall furnish, keep in good working condition capable of producing Supplies meeting all applicable specifications, and replace when necessary, all machinery, equipment, tools, jigs, dies, gauges, fixtures, molds, patterns, and items other than Buyer's Property that are necessary for the production of Supplies ("Seller's Property"). Seller shall insure Seller's Property with full

fire and extended coverage insurance for its replacement value. If Seller uses Seller's Property to produce goods or services, similar to Supplies, for other Customers, including aftermarket Customers, such goods or services shall not incorporate any of Buyer's Property, intellectual property, logos, trademarks, tradenames, or part numbers. Seller shall not disclose or imply in its marketing efforts that these goods or services are equivalent to those purchased by Buyer. Seller grants to Buyer an irrevocable option to take possession of and title to Seller's Property that is special for or configured for the production of Supplies under an Order upon payment to Seller of its net book value less any amounts that Buyer has previously paid to Seller for the cost of these items. This option does not apply to Seller's Property used to produce goods that are the standard stock of Seller or if a substantial quantity of like goods are being sold by Seller to others. Upon the request of Buyer from time to time, Seller shall promptly provide Buyer with a then-current list of Seller's Property that is special for, or configured for, the production of Supplies under an Order, including the individual and aggregate net book value of the listed items of Seller's Property.

28. Customs; Related Matters: Credits or benefits resulting from an Order, including trade credits, export credits, or the refund of duties, taxes or fees, belong to Buyer. Seller will provide all information and certificates (including NAFTA Certificates of Origin) necessary to permit Buyer (or Buyer's Customers) to receive these benefits or credits. Seller agrees to fulfill any customs or NAFTA related obligations, origin marking or labeling requirements, and local content origin requirements. Export licenses or authorizations necessary for the export of Supplies are Seller's responsibility unless otherwise indicated in the Order, in which case Seller will provide the information necessary to enable Buyer to obtain the licenses or authorizations. Seller will promptly notify Buyer in writing of any material or components used by Seller in filling the Order that Seller purchases in a country other than the country in which the Supplies are delivered. Seller will furnish any documentation and information necessary to establish the country of origin or to comply with the applicable country's rules of origin requirements. Seller will promptly advise Buyer of any material or components imported into the country of origin and any duty included in the Supplies' purchase price. If Supplies are manufactured in a country other than the country in which Supplies are delivered, Seller will mark Supplies "Made in (country of origin)." Seller will provide to Buyer and the appropriate governmental agency the documentation necessary to determine the admissibility and the effect of entry of Supplies into the country in which Supplies are delivered. Seller warrants that any information that is supplied to Buyer about the import or export of Supplies is true and that all sales covered by the Order will be made at not less than fair value under the anti-dumping laws of the countries to which the Supplies are exported. To the extent any Supplies covered by the Order are to be imported into the United States of America, Seller shall comply with all applicable recommendations or requirements of the Bureau of Customs and Border Protection's Customs-Trade Partnership Against Terrorism ("C-TPAT") initiative. Upon request, Seller shall certify in writing its compliance with the C-TPAT initiative.

29. Set-Off; Recoupment: In addition to any right of setoff or recoupment provided by law, all amounts due to Seller shall be considered net of indebtedness of Seller and

its affiliates or subsidiaries to Buyer and its affiliates or subsidiaries. Buyer shall have the right to set off against or to recoup from any payment or other obligation owed to Seller, in whole or in part, any amounts due to Buyer or its affiliates or subsidiaries from Seller or its affiliates or subsidiaries. Buyer will provide Seller with a statement describing any offset or recoupment taken by Buyer.

30. No Advertising: Seller shall not advertise, publish or disclose to third parties (other than to Seller's professional advisors on a need-to-know basis) in any manner the fact that Seller has contracted to furnish Buyer the Supplies covered by an Order, or use any trademarks or trade names or logos of Buyer in Seller's advertising or promotional materials, without first obtaining Buyer's written consent.

31. Relationship of Parties: Seller and Buyer are independent contracting parties and nothing in an Order shall make either party the agent or legal representative of the other for any purpose. An Order does not grant either party any authority to assume or to create any obligation on behalf of or in the name of the other. Seller will be solely responsible for all employment and income taxes, insurance premiums, charges and other expenses it incurs in connection with its performance of an Order, except as expressly provided in a written agreement signed by Buyer. All employees and agents of Seller or its respective contractors are employees or agents solely of Seller or such contractors, and not of Buyer, and are not entitled to employee benefits or other rights accorded to Buyer's employees. Buyer is not responsible for any obligation with respect to employees or agents of Seller or its contractors.

32. Non-Assignment: (a) Seller may not assign or delegate its obligations under an Order without Buyer's prior written consent. In the event of any approved assignment or delegation authorized by Buyer, Seller retains all responsibility for Supplies, including, without limitation, all related warranties and claims, unless otherwise expressly agreed in writing by Buyer. (b) With Buyer's prior written consent, Seller may make an assignment of receivables due or to become due to a single financial institution; provided, however, that any such assignment shall be subject to set-off or other proper method of enforcing any claims that Buyer may have under Section 29 of this Order. (c) Buyer will have the right to assign any right or duty under an Order to any third party upon notice to Seller with or without consent.

33. Suppliers with Particular Needs: Buyer encourages Seller to use suppliers with particular needs. A Supplier with particular needs is a business, which meets one or more of the following conditions: (a) a small business, as defined in Title 15, Section 632 of the United States Code and related regulations; (b) a small business owned and controlled by socially disadvantaged individuals (at least 51% of the business owned and controlled by one or more socially and economically disadvantaged individuals and the management and daily business operations are controlled by one or more such individuals); and (c) a business that is at least 51% owned by a woman or women who also control and operate the business. Upon Buyer's request, Seller will inform Buyer on an annual basis the percentage, based on a dollar value, of the content of the

34. Basic Working Conditions: Seller represents that neither it nor any of its subcontractors or suppliers will (a) utilize child, slave, prisoner or other form of forced or involuntary labor, regardless of its form; or (b) engage in physically abusive disciplinary practices. Seller further represents when it delivers the Supplies that it has complied with the requirements of this Section. Buyer may retain an independent third party, or request Seller to retain one reasonably acceptable to Buyer, to: (i) audit the Seller's compliance with this Section 34 and (ii) provide Seller and Buyer with written certification of Seller's compliance, including areas for potential improvement. Seller will bear the cost of any third-party audit and certification under this Section 34, regardless of which party retained the auditor. Buyer, at its option, may accept an audit or certification by Seller in lieu of a third-party certification. For purposes of this Section 34, the temporary assignment of employees of one party to the facilities operated by the other party will not affect the status or change the employment relationship of the assigned employees.

35. Governing Law; Jurisdiction; Arbitration: (a) Each Order is to be construed according to the laws of the State of Michigan and the United States excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any conflict of laws provisions that would require application of another choice of law.

(b) Subject to Section 35(c) regarding arbitration, (i) any litigation on contractual claims arising from this Order may be brought by Buyer in any court(s) having jurisdiction over Seller or, at Buyer's option, in court(s) having jurisdiction over Buyer's headquarters -- namely, the Michigan state courts for Monroe County, Michigan or the United States District Court for the Eastern District of Michigan, in which event Seller consents to jurisdiction and service of process in accordance with applicable procedures, and (ii) any actions or proceedings by Seller against Buyer shall be brought by Seller only in the Michigan state courts for Monroe County, Michigan or the United States District Court for the Eastern District of Michigan.

(c) The arbitration provisions of this Section 35 will be governed by the United States Federal Arbitration Act. At Buyer's option, exercised by written notice any time before or within 30 days following the service of process in a legal action, any dispute regarding the Supplies, the Order, the validity of the Order or any of these Terms, or any other matter between the parties (other than requests for injunctive relief) will be resolved by binding arbitration, conducted in the English language, as follows: (i) the arbitration will be conducted under the commercial arbitration rules of the American Arbitration Association (AAA) and under Rules 26 through 37 of the U.S. Federal Rules of Civil Procedure, in a location agreed by the parties; (ii) if the parties cannot agree on a location within thirty (30) days of either party's request for arbitration, the arbitration will be conducted in Monroe County, Michigan; and (iii) the arbitrator will be selected from an AAA list using the AAA-recommended selection method. Each party will bear

equally the costs and expenses of AAA and the arbitrator, and each party will bear its own costs and expenses -- provided, however, (1) that the failure by one party to pay its share of the arbitration fees constitutes a waiver of such party's claim or defense in the arbitration, and (2) that the arbitrator may award attorneys' fees and costs to the substantially prevailing party. In no event will any party be awarded punitive or exemplary damages. All arbitration proceedings shall be confidential, except to the extent that disclosure is necessary to enforce an arbitration award in a court of competent jurisdiction or is required by Buyer's Customer(s). The arbitration award shall be final and binding upon the parties, and enforceable in any court of competent jurisdiction.

36. Severability: If any term of an Order is invalid or unenforceable under any statute, regulation, ordinance, executive order or other rule of law, the term shall be deemed reformed or deleted, as the case may be, but only to the extent necessary to comply with applicable law. The remaining provisions of the Order shall remain in full force and effect.

37. Survival: The obligations of Seller to Buyer survive termination of this Order, except as otherwise provided in this Order. Among other matters, unless specifically waived in writing by an authorized representative of Buyer, Seller's obligations with respect to service and replacement parts will survive the termination or expiration of the Order.

38. Waiver of Jury Trial BUYER AND SELLER ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH OF BUYER AND SELLER, AFTER CONSULTING (OR HAVING THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS CHOICE, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO ANY ORDER OR OTHER DOCUMENT PERTAINING TO ANY ORDER.

39. Entire Agreement; Modifications; No Implied Waiver: (a) Except as described in Section 1, an Order including these Terms, together with any attachments, exhibits, supplements, or other terms of Buyer specifically referenced in the Order, constitutes the entire agreement between Seller and Buyer with respect to the matters contained in this Order and supersedes all prior oral or written representations and agreements. An Order may only be modified by a written amendment executed by authorized representatives of each party, or by a revision to the Order issued by Buyer on Buyer's purchase order form through Buyer's standard purchasing protocol and accepted by Seller as provided in Section 1, or, in the case of changes within the scope of Section 10, by a purchase order revision issued by Buyer or by specific conditions described in the Order. In the event of any conflict between the terms specified in an Order and these Terms, the terms specified in the Order shall govern. Any clerical errors contained in the Order are subject to correction by Buyer.

(b) Buyer may modify these Terms with respect to future Orders at a time by posting revised Terms to its internet web site as listed in Section 1 or at such other internet web site as is specified in writing by Buyer to Seller, and such revised Terms will apply to all Orders and Order amendments issued thereafter. It is the responsibility of Seller to review and obtain a copy of the current version of the Terms. The Terms that are applicable to the Order or Order amendment shall be the version of the Terms that is in effect on the date of the Order or the Order amendment applicable to the Order, whichever date is later.

(c) The failure of either party at any time to require performance by the other party of any provision of an Order shall in no way affect the right to require performance at any later time, nor shall the waiver of either party of a breach of any provision of an Order constitute a waiver of any later breach of the same or any other provision of an Order.

40. Conflict of Interest: Seller represents and warrants that its performance of the Order will not in any way conflict with any continuing interests or obligations of Seller or its employees or contractors. Seller further warrants that while the Order is in effect, Seller and those of its employees and contractors participating in the performance of the Order will refrain from any activities which could reasonably be expected to present a conflict of interest with respect to Seller's relationship with Buyer or its performance of the Order, including without limitation, the provision of (or attempts to provide) Supplies directly to Customers without Buyer's express written consent.

41. Sales Tax Exemption: Buyer certifies that Supplies purchased under an Order and identified as industrial processing are eligible for state and federal sales tax exemption under the federal identification number indicated on the face of the Order or otherwise provided by Buyer.

42. Subcontracts: Seller will inform Buyer in writing of any third parties to whom Seller subcontracts any of the work required under an Order, specifying in detail the work which has been subcontracted to such third party. Seller will ensure that the terms of its contracts with subcontractors cause Seller's subcontractors to provide, to and for the benefit of Buyer and its Customers, all of the rights and licenses and benefits specified in the Order (including but not limited to those set forth in Sections 2, 7, 10-12, 14-18, 21, 23 - 40, and 42-45).

43. Claims by Seller: Any legal action by Seller under any Order must be commenced no later than (1) year after the breach or other event giving rise to Seller's claim occurs, or Seller becomes aware of the existence (or facts and circumstances giving rise to the existence) of such claim whichever occurs first.

44. Disposal of Scrap: Any Supplies, Tooling, goods, assemblies, subassemblies of materials related to an Order which are disposed of by Seller in any manner other than through a sale to Buyer under the terms of the Order are scrap ("Scrap") and must

be mutilated or otherwise rendered unusable for anything other than material content. If the Scrap are the subject of a cancellation claim, mutilation must occur only after audit inspection and receipt of disposal instructions from Buyer. Buyer has the right to examine all pertinent documents, data, and other information relating to the mutilation of any and all Scrap. In addition, Buyer has the right to visually inspect and audit any facility or process relating to the mutilation of Scrap. Seller must retain all relevant documents, data and other written information relating to its obligations to mutilate Scrap under the Order for at least four (4) years following the later of last delivery of the Supplies or final payment under the Order, and such documents, data, and written information will be made available to Buyer upon Buyer's request.

45. Battle of the Forms Not Applicable: The parties have agreed and it is their intent that the battle of the forms Section 2-207 of the Uniform Commercial Code shall not apply to these Terms or to any invoice or acceptance form of Seller relating to these Terms. It is the parties' intent that these Terms shall exclusively control the relationship of the parties, and in the event of any inconsistency between any invoice or acceptance form sent by Seller to Buyer and these Terms, these Terms shall control.
