

FUEL CLOUD

WEBSITE

Check inventory, run reports, and manage pump permissions from anywhere through FuelCloud's cloud-based web dashboard.

MOBILE

Authorized drivers can use the FuelCloud mobile app to access pumps and authorize transactions.

HARDWARE

FuelCloud's easy-to-install hardware controls pump use on-site and provides real-time fuel data.

THE FUTURE OF FUEL MANAGEMENT

FuelCloud allows users to track and control every gallon in their on-site tanks for a fraction of the cost of traditional systems. Manage inventory, run custom reports to help file tax forms, and protect your fuel with the click of a button. Tank monitor integration allows automated inventory adjustment.

Call Corrigan to get FuelCloud now!

Flexible for any Industry

FuelCloud's technology provides customized data and fuel management tools that work for any business with a fuel tank, whether you're managing vehicle fleets or retailing fuel.

- ✓ Fuel

U.S. Patented Technology

MOBILE

The FuelCloud mobile app provides a portable, intuitive system for authorized users to access pumps.

Tank Monitor Integration

HARDWARE

FuelCloud hardware is compatible with most existing fuel pumps and meters. Installation is quick, simple and designed to scale with your system.

WEBSITE

The FuelCloud web portal serves as your all-in-one fuel dashboard. Check inventory, run reports, and manage drivers and vehicles.

Easy, Modular Installation

Designed for both stationary and mobile applications, our hardware is compatible with most pump and meter brands and types and may be installed in as little as one day. The modular design easily scales with the growth of your business.

Customized, automated reports and paperwork

Collect the information you need at the pump to auto-complete reports and off-road fuel use tax forms.

Cloud-based software for access

Your fuel data is available any time, anywhere, on any computer through your FuelCloud account. View real-time transactions and push-out automatic updates to prevent fraud and control fuel use.

Real-time visibility
